

Rx-360 Euro 2021:

Supply Chain Integrity and Patient Safety–
COVID-19 and Beyond

May 5 and 6, 2021

Rx-360 is hosting a two-day virtual conference that will focus on supply chain integrity and patient safety currently and post COVID-19.

For a complete agenda or questions please contact

Jim Fries at Rx-360, jfries@rx-360.org.

REGISTER NOW

Day 1 Highlights: May 5, 2021

Tackling Pharmaceutical Crime During a Pandemic

Rory Corcoran, Acting Assistant Director
Illicit Markets, Organized and Emerging Crime at INTERPOL

COVID-19 Vaccines: Counterfeiting and Diversion

Anthony Orosz, US Customs and Border Patrol,
Pharmaceutical CEE

End to End Supply Chain: COVID-19

Remote Inspections by Regulators

This is a great opportunity to learn about Rx-360, and how our membership works with the industry to bring best practices and thought-provoking discussion to everyone, worldwide. The conference will focus on supply chain integrity and patient safety initiatives that may affect Europe as well as worldwide, currently, and post the coronavirus pandemic. Interact with experts in the field and hear their views on important topics such as pharmaceutical counterfeiting and diversion, remote inspections from regulators, and vaccine logistics.

Day 2 Highlights: May 6, 2021

Logistics in Shipping the COVID-19 Vaccine

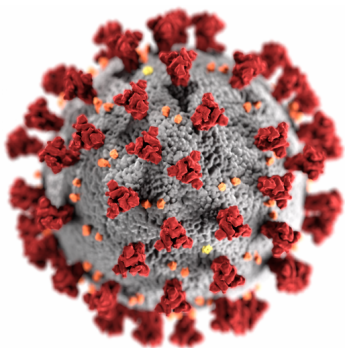

David Bang, EVP Pharma/Healthcare at JAS Worldwide

The Increased Importance of Data Integrity

James Henderson, Eli Lilly

The Future of BioProcessing and Regulatory: During COVID-19 and Beyond
