Re: 2025 Rx-360 Board of Directors

Reggie Jackson is Director of Supply Chain Integrity and Security at Pfizer. In this role, he is responsible for prevention, detection and response to issues of suspect and illegitimate product, such as counterfeit, theft, diversion, tampering, etc., of all Pfizer products anywhere in the global legitimate supply chain. He has been performing in this capacity for the past 8 years. Reggie has worked for Pfizer for 23 years and is based in Raleigh, NC.

Board Intent:

Reggie has been part of Pfizer's representation to Rx-360 for 8 years. He has served as Chair of the Supply Chain Integrity and Security Steering Committee and has served 2 previous terms to the Rx-360 Board. Reggie seeks a seat on next year's board to continue to position Rx-360 as a leader in the Supply Chain Integrity and Security space and is excited to continue to work with Jim and his team.
